Standing Soldiers, Kneeling Slaves: Race, War, And Monument In Nineteenth-Century America

Synopsis

The United States of America originated as a slave society, holding millions of Africans and their descendants in bondage, and remained so until a civil war took the lives of a half million soldiers, some once slaves themselves. *Standing Soldiers, Kneeling Slaves* explores how that history of slavery and its violent end was told in public space--specifically in the sculptural monuments that increasingly came to dominate streets, parks, and town squares in nineteenth-century America. Here Kirk Savage shows how the greatest era of monument building in American history arose amidst struggles over race, gender, and collective memory. As men and women North and South fought to define the war's legacy in monumental art, they reshaped the cultural landscape of American nationalism. At the same time that the Civil War challenged the nation to reexamine the meaning of freedom, Americans began to erect public monuments as never before. Savage studies this extraordinary moment in American history when a new interracial order seemed to be on the horizon, and when public sculptors tried to bring that new order into concrete form. Looking at monuments built and unbuilt, Savage shows how an old image of black slavery was perpetuated while a new image of the common white soldier was launched in public space. Faced with the challenge of Reconstruction, the nation ultimately recast itself in the mold of the ordinary white man. *Standing Soldiers, Kneeling Slaves*, the first sustained investigation of monument building as a process of national and racial definition, probes a host of fascinating questions: How was slavery to be explained without exploding the myth of a "united" people? How did notions of heroism become racialized? And more generally, who is represented in and by monumental space? How are particular visions of history constructed by public monuments? Written in an engaging fashion, this book will appeal to a wide range of readers interested in American culture, race relations, and public art.

Book Information

Paperback: 288 pages

Publisher: Princeton University Press (July 19, 1999)

Language: English

ISBN-10: 0691009473

ISBN-13: 978-0691009476

Product Dimensions: 6.1 x 0.6 x 9.2 inches

Shipping Weight: 11.2 ounces (View shipping rates and policies)

Average Customer Review: 3.0 out of 5 stars [See all reviews](#) (2 customer reviews)

Customer Reviews

The paperback edition is not a printed edition: it is an extremely cheap reprint, probably from a PDF, with a disastrous loss of quality of all illustrations: they are very heavy in contrast, show smudges, hazing and streaks; in many cases, you can hardly see what is represented in the images.

A careful and thorough look at the American people, our history and psyche, and how we memorialize the significant events of our National adventure. Mr. Savage beautifully and remarkably blends the art, politics, and public remembrance of what is surely our most significant struggle as a nation - defeating slavery.
