ASIN: B0006IU70Y

Best Sellers Rank: #25 in Books > Audible Audiobooks > Children's Books > Animals #213 in Books > Audible Audiobooks > Children's Books > Science Fiction & Fantasy #361 in Books > Audible Audiobooks > Children's Books > Fiction

Customer Reviews

One series to rule them all...A dark army that has overrun the land. An unlikely hero sent on an epic quest. A sword that is broken and forged anew. A search for the lost king. I could easily be describing Lord of the Rings! I have read several books in this amazing series (and shall not stop till I have read them all), but so far this one is undoubtedly my favorite. When you read Redwall and Mattimeo (and some of the other books in the series), you feel as if it's set in the present. But when you read the books about Martin the Warrior, the legendary hero of Redwall Abbey...The time of great heroes. What can I say, reading Mossflower is like reading a book about the legend of King Arthur or Robin Hood. You're stepping back in time to an era when villains were more wicked, heroes were more brave, and the country was more wild. The story begins with Martin entering the country of Mossflower and then swiftly being imprisoned because he is carrying a sword. The ultimate climax of the book is set up swiftly when Martin swears vengeance upon the evil Queen of the land (who in an awesome scene breaks Martin's sword and tells the guards to have him wear it around his neck). But even for the Hero Martin, vengeance doesn't come easy. Have you ever been on a quest? Like Redwall, there is a major sidequest for our hero to embark upon (you can't kill the

main villain with a broken sword now can you?), involving a search for the old Badger Lord king of Mossflower. Also like Redwall, there will be clues to unravel, friends to make, and alliances to forge. And like the great Lord of the Rings, there will also be beautiful songs to sing and poems to read. Hungry yet?

The Redwall series was recommended to me by my own readers, who recognized a similarity between the writing style, animorphism, and medieval setting of my own debut novel "The Other Side of Yore" and of Brian Jacques' famous books. As I learned more about the books, I was amazed that the books had escaped my attention for so long. Sure I had heard the name in passing, but I really didn't know what the books were about, and had probably passed them over as too child-oriented when I was a young blossoming fan of fantasy. Boy, had I been missing out! Mossflower may be the best YA fantasy book I've read since "The Hobbit," maybe even surpassing "The Chronicles of Narnia" for imagination, superb writing skill, literary worth, and sheer reading enjoyment! Far from being just a book for young adults, I am well over thirty and highly critical of most fiction books, and was unable to put the book down. Not only does Jacques write in an incredibly skillful and beautiful style, but his plots and subplots are nothing short of genius. The character development of the animorphed creatures is far superior to even the average bestselling author of fiction starring realistic human characters. Jacques is a master of dialogue and dialect, and I especially enjoyed the strange colloquial mole-speech; "Hurr, Oi be liken it moisef better'n any deeper-n'-ever pie oive et, stan' on moi hole!" The triumphs, determinations, and gallant speeches of Martin the Warrior actually brought tears to my eyes a few times during the tale, and the antics and humorous songs and poems of Gonff made me laugh out loud more than once.
