## Customer Reviews

Opinion written by my 5th grade student, T --I like Michael Jackson's book called Michael Jackson Guitar Tab Anthology Autentic Guitar Tab Edition. It gave lots of information about his music, life, and friends.

If you're going to do an authentic guitar tablature book for Michael Jackson, wouldn't it be a good idea to choose the songs that contain predominantly guitar parts? Where's Give Into Me, Whatever Happens, D.S. or Come Together? Those songs have some excellent guitar parts that would've been far more rewarding to play than many of the songs listed in this book - some of which hardly contain any guitar parts at all. Couldn't they have put a bit more effort into this? Michael Jackson had some of the worlds finest guitarists feature on his music (the likes of Carlos Santana, Eddie Van Halen and Slash). But aside from Beat It (which you can find guitar TAB for anywhere on the net) this book is completely pointless. Lazy lazy lazy.
