## Customer Reviews

I had the pleasure of attending a live workshop yesterday where Brittney spoke about how she was able to scale her real estate business in a ridiculously short amount of time. I picked up one of her books before leaving and said to myself, "I'll read a couple of chapters when I get home tonight." Well..... Once I opened up the book, I did NOT put it down. I actually heard Pringles jingle in my head as I watched rays of sunlight begin to peak through my window while finishing up the last few pages this morning. From cover-to-cover, this book is FULL of ACTIONABLE, MEASURABLE tasks that one could immediately implement to help expand and begin to FULLY automate their real estate business. I'm sure that a few of the tasks she shared have heard before by investors, but having them together all in one place makes it extremely easy for anyone to hit the ground running. It's not a huge book, but what it lacks in length, it definitely makes up in QUALITY. Here's the rundown of the chapters: [Introduction](#) [Chapter 1 - Why Virtual Assistants?](#) [Chapter 2 - My Story](#) [Chapter 3 - What Will Be Your Virtual Plan?](#) [Chapter 4 - Who Should Be On Your Team?](#) [Chapter 5 - How Do You Build Your Team?](#) [Chapter 6 - How to Train and Evaluate Your Team](#) [Chapter 7 - The Weeds of What VAs Can Do](#) [Chapter 8 - VA Social Media](#)
