Synopsis

""Do you wish to be organized and have more space in your mind, your office or your home? Get ready, this book will change your life. If you're looking for a real, proven step-by-step solution to organize everything --so you can finally live an amazing stress free life and be productive--then this book is for you. Do you want to change your life, but don't know where to start? We all have many goals and ambitions in life. But regardless of what we wish to achieve, one thing that is common is the way in which we pursue it. Some of us seem to always get what we go after, but some struggle throughout their lives and are running on the wrong tracks. I'll say they cannot find the right way, simply because that's how it is. It's not because they don't want to, or don't try enough, but simply can't figure out the right approach toward their ambitions. I will not pretend to be a guru to say I know answer to this. But there is one thing that can help a lot when trying to achieve your goals. I'm sure that you will back me up on this one, because you must have read it or known it before, and many of you probably felt the advantages of it too. Organize Your Life Yes, Organize your life and take that key step in your pursuit for more productive and stress free lifestyle. If you can master this skill & be organized in every aspect of your life, then you will be UNSTOPPABLE. You will become more productive, consistent and achieve all your goals. Customer Reviews

I thought this was a great guide to get started in organization. I certainly need it!! I definitely identified when the author talked about having a box of 'unclassified' documents (i.e. stuff) that you end up transferring around the house and adding to... until it becomes a gigantic box that is too overwhelming to deal with. It all goes together - your office, your mail, your home, your clutter. Better organized = better productivity. Would recommend!

In just quick read, you learn ways to simplify cleaning, organizing and clearing your schedule for me time. I highly recommend this book. I will definitely be using the tips the author gave in my every day life to help me simplify things.

The question here is who doesn't need this book. Because we all need this book. Great book, jam packed with tips and strategies. An organized life is a happy life. I know when I am most organized I am the most happy because I get the most stuff done. And this book is greatly helping with this process. A recommend

This book lives up to its promise. I've tried reading books like "Getting Things Done" but they seem like another challenging project to tackle. If you feel overwhelmed, this book may be just what you need. As a bonus, the author has included excerpts from his other self-help books.

This book is full of helpful, easy, and to the point tips on getting yourself organized. Gave me some motivation to start working on some organization right away. Definitely recommend this book as a great value.

Get this book -it will change your life:) Full of tips and strategies to become more organized and effective. You will find that suddenly you have so much more time you can spend on important stuff and get more satisfaction out of life. Great read!

This is a very helpful book on such a common yet very complicated problem of cluttering and disorganisation in life. This book tries to prepare you mentally to resolve this physical problem. Provide a road map and ways to improve your overall living style.

I'm so OCD about plans and structure for everything in life. As a wardrobe consultant I can help my clients to all the way to getting a new outlook on life and clothing with organization. This book has great tips
