Customer Reviews

This address book is exactly as it states, large print and room to write everything. The only downfall is the pages aren't broken down/divided by sections of the alphabet. I had some tabs at home, so I did it myself. That wasn't too big of a deal, but if that's something that's a deal breaker for you, you'll want something else. My book also came with a tear on the cover and the bind, which kind of stinks.

Has me stumped - an address book w/ no alphabetical dividers. Can't figure what to do with it other

than put tabs on it myself but that is a task I'll likely never get to, I need one with good amounts of space like this, but w/ dividers. Waste of money for me.

This is a pretty address book, but it is too big. It is my own fault for not looking more carefully at the sizing. If you are looking for a large address book that is easy to read then this will be great. It cannot be carried around easily though, so keep that in mind.

There was no sections for arranging in alphabetical order.

Plenty of space to write information. Very pretty cover!

Nice Jumbo address book. No tabs like it says in the description, but that fine with me because most of my friend have J names and A names so I don't really need alphabetical tabs since most of them would go to waste. Works for me. I like the large size.

had room to add family details to the addresses/lots of room to write/ & easy to read

I thought this was alot smaller, and the pages are VERY thin, but it is so very cute.
