Customer Reviews

As a certified PMI-PBA, I spend a lot of time in this knowledge area.Shiv have done a great job once again in clarifying the "Requirement/Scope" terms.There is a reason PMI ensures we collect requirements before we define scope. Knowledge of this will improved your project success multiple-fold .

Excellent read from a practitioner ; this material complements other sources when preparing for the PMP Certification. I highly recommend this to any PMP aspirant. And, good luck acing the exam!
