Moving Pictures: Drum Transcriptions (Alfred's Classic Album Editions)

Synopsis

Considered to be Rush's best album both commercially and critically, these standout tracks are all staples of classic rock radio. Featuring more synthesizers and signaling the change in style on succeeding albums, *Moving Pictures* features Neil Peart's "Tom Sawyer" solo, one of the most famous of his career. Plus, the instrumental track "YYZ" was nominated for a Grammy! All songs are transcribed for drums. Titles: Tom Sawyer * Red Barchetta * YYZ * Limelight * The Camera Eye * Witch Hunt * Vital Signs.

Book Information

File Size: 4581 KB

Print Length: 52 pages

Publisher: Alfred Music (August 1, 2008)

Customer Reviews

I got this book with the intent to be able to read and flip the pages on the iPad while playing. While the book is great to learn the songs it is not so great to read on the Kindle app. It felt like a bunch of blurry images and couldn't easily be expanded to fit the screen, which made it about impossible to follow along on the iPad. The way the pages are laid out also doesn't lend itself to be able to play along to it either. Too many page flips. All in all I would still purchase the book just for the transcriptions.

Almost 5, perhaps 6 years ago, I've bought Drum Techniques of Rush and its follow up "More Drum...". I really liked these books, since most of the transcriptions therein are almost perfect and helped me a lot, but there are, nonetheless, some (great) flaws: musics like Subdivisions can give nothing but a clue of what is really being played, and other ones suffer from a lack of details. Summing it up: they are extremely worthy if one considers the best transcriptions, but one may want to throw away some pages. Last month I've ordered both 2112 and Moving Pictures' Alfred's Classic Album Editions, which arrived today, and I must say that, from listening to the CDs while reading these books, I really enjoyed what I saw: the transcriptions seem to have been accurately (enough) written and both books seem to maintain their quality throughout their whole. Nevertheless, the writer's choice to omit repeat bars is extremely annoying (I can see no advantage in doing so), as well as his choice to write all the stems upwards; I would say that Wheeler's (drum techniques) writing is better. So, my advice: if you are a drummer, and enjoy Rush, buy them all.

My son has been playing the songs from this for a month now. He loves it.
